1 Introduction

- 1.1 This document outlines the process for dealing with complaints against those who are on or have recently been on the membership register of the British Acupuncture Council (the BAAC).
- 1.2 As a self-regulatory body for traditional acupuncture it is imperative that the Registrants on our register are fit to practise i.e. have the skills, knowledge and character to practise acupuncture safely and effectively. However, Fitness to Practise is not just about professional performance it may also include acts by a Registrant which may affect public protection or confidence in the profession.
- 1.3 Fitness to Practise proceedings are about protecting the public. They are not a general complaints resolution process. They are not designed to resolve disputes between Registrants and patients and/or clients.

2 Purpose

- 2.1 The purpose of this Code is to ensure that Complaints and Fitness to Practise issues concerning Registrants are dealt with fairly, efficiently and expeditiously in the interests of Complainants, Registrants, and other interested parties. Any Panel may vary any of the procedures set out in this document subject only to such variation being fair to the Registrant, the British Acupuncture Council and any interested third parties.
- 2.2 The Code of Professional Conduct together with the Code of Safe Practice:
 - set out the standards of conduct and practice expected of Registrants of the BAAC; and
 - give advice in relation to the practice of acupuncture to improve the protection of the public.
- 2.3 Failure to comply with the Code of Safe Practice is a breach of the Code of Professional Conduct.
- 2.4 Throughout this Code, where the term 'shall' is used, the panel, committee, Professional Conduct Officer or party to the proceedings is required to comply. Where the term 'may' is used in this Code the panel, committee or Professional Conduct Officer may use their professional judgement in accordance with the principles set out in this Code.

- 2.5 The formality of the document is unavoidable due to the nature of the process however there are supplementing guidance and policies drafted to provide clarity around the process in more user friendly language.

3 Interpretation

- 3.1 In this Code, unless the context otherwise requires:

Accredited Register means a register of health and/or social care professionals that has been accredited by the Professional Standards Authority;

Further guidance on Vexatious and Anonymous Complaints has been drafted for Professional Conduct Officer, and the Ethics Panels and Committees to use when determining such issues.

4 Scope

- 4.1 The BAcC may consider a Complaint relating to any of the following that may put a BAcC Registrant's suitability to remain on the register unrestricted into question:
- breach of the Code of Professional Conduct or Code of Safe Practice whether by misconduct or lack of competence;
 - a conviction or caution or a court finding leading to a conditional discharge in the UK for a criminal offence other than a minor road traffic offence (such as speeding) not leading to a disqualification from driving, or a conviction elsewhere for an offence, which if committed in England and Wales, would constitute such a criminal offence;
 - his or her physical or mental health;
 - a determination by a statutory regulator or an Accredited Register in the United Kingdom responsible for the regulation of health and social care to the effect that his or her Fitness to Practise is impaired, or a determination by an equivalent regulator outside the United Kingdom to that effect ('a relevant determination'); or
 - an entry on the Register relating to him or her has been fraudulently procured or incorrectly made ('a false entry').
- 4.2 The Professional Conduct Officer must apply the BAcC's Code of Professional Conduct and the Code of Safe Practice to identify which parts of the Code or equivalent documents are relevant to the Complaint.
- 4.3 Where the complained of behaviour does not come within any of the categories in paragraph 4.3 above the Professional Conduct Officer will notify any Complainant of this and the Complaint will not progress under this procedure.
- 4.4 Where the complained of behaviour comes within one or more of the categories in paragraph 4.5 above the Professional Conduct Officer shall provide the Registrant with a copy of the Complaint and the Complaint will progress in accordance with this procedure.

Who can raise a complaint?

5 Applicability

5.1 Anyone can make a Complaint against a Registrant if:

- the Registrant is still a Registrant at the time of the Complaint being lodged with the BAcC;
- the Registrant was a Registrant at the time of the conduct that is the basis of the Complaint;
- the Registrant was not a Registrant at the time of the conduct but currently is, and the Professional Conduct Officer determines that it would be reasonable and in the public interest to consider the Complaint;
- the Complaint and/or Formal Allegation is based on a matter, which occurred outside the United Kingdom; or
- the Complaint and/or Formal Allegation is based on an allegation of a criminal offence, caution or conviction before the Registrant joined the BAcC.

5.2 A Complainant should complete the BAcC Complaint Form and submit it to the BAcC within three years of the conduct or since the date on which the Complainant became aware of the conduct, whichever is the later. The Professional Conduct Officer, in exceptional circumstances, may decide to waive the time limit if they decide that, in all the circumstances of the case, it would be reasonable and in the public interest to allow the complaint to proceed. Exceptional circumstances include, but are not limited to, Allegations of gross misconduct including Allegations of sexual misconduct, misuse of drugs, serious or sustained breaches of professional boundaries, or gross incompetence.

5.3 If the Registrant resigns from the BAcC register, or fails to renew BAcC membership, after a complaint has been received by the BAcC, the Complaint shall still proceed pursuant to this Code unless, in exceptional circumstances, the Professional Conduct Officer determines it would not be reasonable or in the public interest for it to do so.

6 Receipt of a Complaint or information about a Registrant

- 6.1 On receipt of a Complaint or information about a Registrant concerning their Fitness to Practise, the Professional Conduct Officer shall first consider:
- whether the subject of the Complaint is a Registrant or former Registrant of the BAAC;
 - whether the Complaint or information is sufficiently specific or capable of being clarified because the Complainant is identifiable and can be asked for further details;
 - the Complaint or information is Vexatious or Malicious; or
 - it is appropriate for the Complaint or information to be resolved informally or by mediation
- 6.2 Where the Complaint or information is unspecific and anonymous and it is not reasonably practicable to obtain any further details of the alleged behaviour, the Professional Conduct Officer shall not refer the Complaint or information to the Investigating Panel.
- 6.3 Where the Professional Conduct Officer determines that the Complaint or information is Vexatious or Malicious and even if proven the alleged behaviour would not pose a significant risk to members of the public or to the reputation of the profession, they shall not refer the Complaint or information to the Investigating Panel.
- 6.4 Matters suitable for informal resolution or by mediation include those where:
- there is no breach of the Code of Professional Conduct or the Code of Safe Practice; or
 - the breach of the Code of Professional Conduct or the Code of Safe Practice is minor or technical and there is either no risk to members of the public, or there is no significant risk to members of the public.
- Where the Professional Conduct Officer finds that the matter is suitable for informal resolution or mediation, they shall not refer the Complaint or information to the Investigating Panel.
- 6.5 Where the Professional Conduct Officer does not refer the Complaint or information to the Investigating Panel in accordance with sections 6.2 – 6.4

they shall write to the Complainant, the Registrant and any interested third party within seven days to inform them of what action will be taken in relation to the Complaint or information and will provide an explanation for that decision.

The Complainant shall be invited to consider whether they have any additional significant evidence which the Professional Conduct Officer has not yet considered. If the Complainant has such additional evidence they shall send the evidence, within 14 days of the date of the letter or email informing them of the Professional Conduct Officer's decision, to the Professional Conduct Officer to consider. Where possible, a Professional Conduct Officer who has not had conduct of the case shall consider the additional evidence.

- 6.6 If it is not appropriate to seek for the Complaint to be resolved informally, or if informal resolution has not been successful, the Professional Conduct Officer may seek further information or evidence in support and may refer the Complaint to the Investigating Panel. The Professional Conduct Officer may make such inquiries and seek such advice as they consider necessary in the circumstances.
- 6.7 If the allegation is that a Registrant's Fitness to Practise is impaired by reason of ill health, the Professional Conduct Officer shall refer the allegation to the Health Committee.
- 6.8 Where the BAcC has received information about a Registrant and that Registrant is already the subject of an inquiry by the police or other regulatory body, or there are ongoing criminal or civil proceedings, the BAcC may defer all or part of the investigation or referral of a Complaint until the inquiry or proceedings has concluded.
- 6.9 Before the Professional Conduct Officer refers the Complaint to the Investigating Panel they shall send the Registrant a copy of the Complaint and any additional documentary or other evidence in support and a copy of this Code. The Registrant shall be invited to submit written representations together with any supporting documentary or other evidence, which shall be known as a Response. The response should be submitted within 14 days of service of the Complaint and any accompanying documentation on the Registrant.
- 6.10 The Complainant may be sent a copy of any written representations and documentary or other evidence submitted by the Registrant and may be invited to provide written comment on those representations and evidence for consideration by the Investigating Panel.

- 6.11 The Registrant may be sent a copy of any further written comments or evidence submitted by the Complainant.
- 6.12 The Professional Conduct Officer may grant both the Complainant and the Registrant two reasonable extensions for submitting a response where the Complainant or Registrant has good cause not to be able to respond within the 14 day period. Good cause may include ill health of the Registrant or close family member, bereavement of a close family member or friend, and being on holiday or jury service. This list is not exhaustive. Any further requests for extensions should be determined by a Chair of the Investigating Panel.
- 6.13 After 14 days have elapsed since service of the Complaint and any accompanying material, and subject to any extension or further extension of that deadline, the Investigating Panel may meet forthwith to consider the Complaint, even if no Response has been received.
- 6.14 Once the Registrant has submitted their Response or the 14 day time period or extended time period for doing so has elapsed, the Professional Conduct Officer may:
- make arrangements for an Investigating Panel to meet within 56 days from that date unless exceptional circumstances apply;
 - draft the Formal Allegations;
 - prepare the case papers, including all documents and evidence supplied by the Complainant, the Registrant or any witnesses, any relevant codes or guidance, for the Investigating Panel;
 - notify the Complainant, the Registrant and any interested parties of the date, time and members of the Investigating Panel at least 14 days before the panel meeting to allow any of the Parties to object to a member of the panel on the grounds of a potential or actual conflict of interest; and
 - send the Formal Allegations and the case papers to the Investigating Panel at least 14 days before the panel meeting.
- 6.15 At any time before a Complaint or the allegation(s) are referred to the Investigating Panel, the Health Committee or the Professional Conduct and Competence Panel, the Professional Conduct Officer may make an application to the Interim Orders Panel that an Interim Order should be imposed on the Registrant's registration, on the grounds that:
- such an order is necessary for the protection of members of the public; or

- it is otherwise in the public interest; or
- it is in the interests of the Registrant concerned.

6.16 Any Panel or Committee covered by this Code may make a finding that the complaint or information before it is vexatious or malicious and may dismiss a case or application before it, if it considers that the complaint or information before it is vexatious or malicious.

7 Investigating Panel

7.1 In respect of each Formal Allegation, all members of the Investigating Panel shall consider the Allegation, all the documents and evidence provided to them, including copies of the relevant codes and guidance. Having considered these documents and the evidence panel members shall decide whether, in their opinion, there is a realistic prospect of a finding of impairment in relation to the Allegation(s) either individually or collectively.

Referrals and disposals by Investigating Panel

7.2 After considering each Formal Allegation and/or a report from a Technical Advisor, the Investigating Panel may:

- request further evidence from the Complainant, the Registrant or any person in accordance with sections 7.5.1 and 7.5.2;
- refer the Registrant to the Interim Orders Panel in accordance with section 7.6.1;
- instruct a Technical Advisor in accordance with sections 7.7.1 – 7.7.4;
- refer the Formal Allegation to the Professional Conduct and Competence Panel in accordance with section 7.9.1;
- refer the Formal Allegation to the Health Committee in accordance with section 7.10.1; or
- ratify an Action Plan in accordance with sections 7.11.1 – 7.11.3;
- issue a Letter of Advice in accordance with sections 7.13.1 – 7.13.5;
- take no further action in accordance with section 7.8.1.

7.3 The list of options available to the Investigating Panel set out in section 7.2 is exhaustive. The Investigating Panel shall not dispose of any Allegations otherwise than in accordance with that section. However, if the Investigating Panel decide that the complaint or information is vexatious or malicious, it may dismiss the case.

7.4 If the Registrant is facing multiple Formal Allegations, the Investigating Panel may choose different options as set out in section 7.2 for each Formal Allegation. The Investigating Panel shall take into account whether the Formal Allegations should be heard together or separately.

7.5 Further Evidence

7.5.1 Where the Investigating Panel finds that there is not yet sufficient evidence to decide whether there is a realistic prospect of a finding of impairment in relation to any Formal Allegation and it is reasonably practicable to obtain further evidence, the panel shall instruct the Professional Conduct Officer to obtain that further evidence. The Investigating Panel shall adjourn the case for a reasonable time period for the evidence to be obtained.

7.5.2 Where the Investigating Panel requests further evidence in accordance with section

7.5.1 it may also refer the Registrant to the Interim Orders Panel to consider whether an Interim Order should be made pending investigation in accordance with Part 8.

7.6 Interim orders

7.6.1 The Investigating Panel may, at any time before a Formal Allegation is referred to the Professional Conduct and Competence Panel or the Health Committee, make an application to the Interim Orders Panel that an Interim Order should be imposed on the Registrant's registration, on the grounds that such an order is necessary for the protection of members of the public or is otherwise in the public interest, or is in the interests of the Registrant concerned.

7.7 Instructing a Technical Advisor

7.7.1 Where the Investigating Panel decides that further evidence is required and it is more appropriate to instruct a Technical Advisor to obtain that evidence and/or to provide specialist advice, the Investigating Panel shall request that the Professional Conduct Officer instructs a Technical Advisor to arrange

interviews and practice visits with the Registrant's consent and to report his findings expeditiously to the Investigating Panel.

7.7.2 If the Technical Advisor is of the opinion that the Formal Allegation(s) is not a substantial breach of the Code of Professional Conduct or the Code of Safe Practice that would put members of the public at significant risk, but the Registrant's behaviour highlights aspects of the Registrant's practice and practice management, which fall short of the standards of the codes, the Technical Advisor may recommend an Action Plan. An Action Plan may contain tasks, recommended CPD, tests or amendments to working practices specifically chosen to address the aspects of the Registrant's practice and practice management, which fall short of the standards of the codes.

7.7.3 An Action Plan does not become final until it is agreed to by the Registrant and approved by the Investigating Panel.

7.7.4 The Technical Assessor's report should set out:

- any evidence of breaches of the Code of Professional Conduct or the Code of Safe Practice, or aspects of the Registrant's practice and/or practice management, which fall short of the standards required by the codes;
- inform the Investigating Panel of any apparent breaches of the codes;
- explain why the Technical Advisor believes that an Action Plan is appropriate;
- set out the proposed steps to resolve the aspects of the Registrant's practice and/or practice management, which fall short of the standards required by the codes;
- explain why the proposed steps are recommended; and
- record whether the Registrant agrees to co-operate with the proposed Action Plan.

7.8 No Further Action

7.8.1 Where the Investigating Panel finds that even if the facts are proved there is not a realistic prospect of a finding of impairment in relation to the Formal Allegations, the panel may take no further action against the Registrant in relation to that matter.

7.9 Referral to Professional Conduct and Competence Panel

7.9.1 Where the Investigating Panel finds that there is a realistic prospect of a finding of impairment in relation to the Formal Allegations individually or collectively and the behaviour that has led to any Formal Allegation has not been caused, or substantially contributed to, by the Member's ill health, the panel shall refer the Formal Allegation(s) to the Professional Conduct and Competence Panel.

7.10 Referral to Health Committee

7.10.1 Where the Investigating Panel finds that:

- it is more appropriate to refer the case to the Health Committee; or
- there is a realistic prospect of a finding of impairment in relation to any Formal Allegation(s) and the behaviour that has led to any Allegation(s) has been caused, or substantially contributed to, by the Registrant's ill health;

the panel shall refer the Formal Allegation(s) to the Health Committee. The Health Committee procedures are provided for in the Code of Health Committee Procedures. If the Investigating Panel decides that the conduct of the Registrant is sufficiently serious, it should refer the case to the Professional Conduct and Competence Panel.

7.11 Technical Advisor

7.11.1 Where a Technical Advisor has recommended an Action Plan as per sections 7.7.2 and the Registrant has agreed to comply with the Action Plan, the Investigating Panel may ratify the Action Plan.

7.11.2 The Investigating Panel shall not ratify an Action Plan if it believes that the Formal Allegation(s) is/are so serious that, if proven, an Action Plan would not adequately protect the safety of members of the public and/or the public interest.

7.11.3 If the Investigating Panel declines to ratify an Action Plan and there is a realistic prospect of a finding of impairment in relation to the Formal Allegations, it shall refer the Formal Allegation to the Professional Conduct and Competence Panel or the Health Committee in accordance with sections 7.9.1 or 7.10.1 respectively.

7.12 Failing to co-operate with Technical Advisor or to complete an Action Plan

- 7.12.1 If an Action Plan has been ratified by the Investigating Panel in accordance with section 7.11.1, and the Registrant subsequently refuses to co-operate with the Technical Advisor or to complete the Action Plan to the satisfaction of the Technical Advisor, the Technical Advisor shall inform the Professional Conduct Officer in writing requesting that a referral to the Investigating Panel is considered.
- 7.12.2 The Technical Advisor shall write a report for the Investigating Panel explaining how the Registrant has refused to co-operate with the Technical Advisor, which steps of the Action Plan have been completed and those outstanding.
- 7.12.3 The Professional Conduct Officer shall send the Technical Advisor's report made in accordance with section 7.12.2 to the Registrant at least 21 days before the Investigating Panel meeting at which the matter is to be considered with an invitation to make written representations which must be served on the Professional Conduct Officer at least 7 days in advance of the Investigating Panel meeting at which the matter is to be considered.
- 7.12.4 On receipt of a request from the Technical Advisor explaining how the Registrant has refused to co-operate with the Technical Advisor or failed to complete the Action Plan, the Professional Conduct Officer shall arrange for the Investigating Panel to meet within 28 days unless it is not reasonably practicable.
- 7.12.5 The Professional Conduct Officer shall send all members of the Investigating Panel a copy of the Technical Advisor's written request and report, and any written representations received from the Registrant.
- 7.12.6 The Professional Conduct Officer shall also notify the Complainant and the Registrant and may notify any interested parties of the date and time of the Investigating Panel meeting at which the matter is to be considered..

7.13 Letters of Advice

- 7.13.1 Where the Investigating Panel has decided that there is not a realistic prospect of a finding of impairment it may consider whether to issue a Letter of Advice. In deciding whether to issue a Letter of Advice consideration shall be given to whether the matter(s) complained of, if repeated, might meet the 'realistic prospect' test.
- 7.13.2 The Investigating Panel shall not issue a Letter of Advice where there is a realistic prospect of a finding of impairment.

- 7.13.3 Where the Investigating Panel issues a Letter of Advice it shall not refer the Complaint or Allegation to the Professional Conduct and Competence Panel.
- 7.13.4 Letters of Advice will be disclosed to the Registrant's current employer but will not be published. This is because the evidence will not have been tested by means of oral evidence and cross examination.
- 7.13.5 Letters of Advice will be kept on record and may be used to identify patterns of behaviour that could be used in any subsequent investigation relating to the Registrant.

7.14 General Matters

- 7.14.1 The Professional Conduct Officer shall record the decision including:
- which Formal Allegations (if any) have been referred to the Professional Conduct and Competence Panel or the Health Committee;
 - which Formal Allegations have not been referred to the Professional Conduct and Competence Panel or the Health Committee and no further action will be taken in relation to; and
 - the reasons for those decisions.
- 7.14.2 Within 10 working days of the date of the decision, the Professional Conduct Officer may inform any interested third party of the decision of the Investigating Panel and shall send the Registrant and Complainant the following:-
- a. A summary of the evidence which was considered by the Investigating Panel
 - b. The decision made by the Investigating Panel
 - c. Brief reasons for the decision which need not be the full determination
 - d. In the case of the Complainant, an invitation to consider whether they have any additional significant evidence which the Investigating Panel has not considered. If the Complainant has such additional evidence they shall send the evidence, within 14 days of the date of the letter or email informing them of the Investigating Panel's decision, to the Professional Conduct Officer to consider whether it should be submitted to the Investigating Panel. If the Complainant provides anything further within 14 days, the Professional Conduct Officer shall then decide whether or not it should be referred to the Investigating Panel. The Professional Conduct Officer should take into account

whether it is additional evidence; whether it is significant evidence and whether it is proportionate to hold a further meeting of the Investigating Panel.

- 7.14.3 If at any stage, following service of the Formal Allegation(s) upon the Registrant, it appears to the BAcC that the matter should no longer proceed to a hearing, the BAcC may make an application to the Professional Conduct and Competence Panel or Health Committee to have the Formal Allegation(s) withdrawn.

8 Interim Orders Panel

8.1 General

- 8.1.1 An Interim Order may only be imposed if:-
- such an order is necessary for the protection of members of the public; or
 - is otherwise in the public interest; or
 - is in the interests of the Registrant concerned

- 8.1.3 The proceedings of the Interim Orders Panel shall be held in private.

8.2 Application for Interim Orders

- 8.2.1 Where the Professional Conduct Officer, the Investigation Panel or the Professional Conduct and Competence Panel wish to apply for an Interim Order pending investigation, the Professional Conduct Officer shall:

 - j. the Professional Conduct Officer may inform any other interested parties of the names of the members of the panel to allow any other interested parties to object to a member of the panel on the grounds of a potential or actual conflict of interest
- 8.2.2 Subject to section 8.2.3, where notice of the hearing is served upon the Registrant, an application for an Interim Order shall be heard no earlier than seven days after the date upon which notice of the hearing was served upon the Registrant.
- 8.2.3 Where an urgent application for an Interim Order is made by the Professional Conduct Officer on the grounds of protection of members of the public, they may dispense with the notice period referred to in section 8.2.2 and the matter shall be referred for the urgent attention of the Interim Orders Panel.
- 8.2.4 Where the Professional Conduct Officer dispenses with the notice period, the Interim Orders Panel may conduct a hearing provided the Registrant has been given such notice as is reasonable of the application and the opportunity to make oral and/or written representations to the panel. Where the Interim Orders Panel conducts an expedited hearing in accordance with this section it may only issue an Interim Order which will be in force for up to 6 months. Where an Interim Order has been made following an expedited hearing, the Registrant is permitted to apply for review after 3 months. Where the Registrant has not had the opportunity to make representations, whether oral or written, at the expedited hearing, the Registrant is permitted to apply for review earlier than 3 months.

8.2.5 Any interim measures required after Formal Allegation(s) have been referred from the Investigating Panel to the Professional Conduct and Competence Panel and before a final hearing shall be heard by the Interim Orders Committee.

8.2.6 The Interim Orders Panel shall not make an Interim Order after a Formal Allegation has been referred to the Health Committee. Such applications will be heard in accordance with the Code of Health Committee Procedures.

8.3 Interim Orders hearings

8.3.1 Where the Interim Orders Panel is considering whether or not to make an Interim Order, it is in charge of its own procedure, but should take into account the guidelines below for the order of proceedings.

- d. informing the Registrant that any adverse decision shall be published on the BAcC website.

8.3.4 The decision of the Interim Orders Panel shall be published on the BAcC website unless no interim order is made.

8.4.1 Having considered the facts of the case, any evidence, and the representations the Interim Orders Panel may:

- make a Suspension Order pending investigation and/or conclusion of the case;
- make an order to limit the practice of the Registrant, namely a Conditions of Practice Order pending investigation and/or conclusion of the case;
- take no further action.

- whether an Interim Order is necessary for the protection of members of the public or is otherwise in the public interest, or is in the interests of the Registrant concerned; and
- the effect the making of an Interim Order will have on the Registrant.

8.4.4 Where the Interim Orders Panel decides to make an order limiting the Registrant's practice, the restrictions should be only those necessary to reduce the risk to the public or are in the public interest, or the interests of the Registrant concerned, as identified in the Complaint or Allegation(s).

8.4.5 The Interim Orders Panel shall not make an order or consecutive orders in excess of 24 months unless exceptional circumstances apply.

- 9.5.3 The hearing shall be conducted in three stages as follows:
- a. preliminaries and findings of fact;
 - b. findings regarding misconduct, lack of competence, conviction or caution, relevant determination, ill health; false entry or impairment; and
 - c. mitigation and sanction.

9.6 Hearings before Professional Conduct and Competence Panels

- 9.6.1 The hearing shall be held in public unless the Panel decides that it is in the interests of justice that it be held in private or that the interests of a Complainant, Registrant or Witness should override the normal practice that it should be held in public.
- 9.6.2 For the purpose of arriving at any decision under section 9.6.1, the panel shall deliberate in the absence of the Parties. However, the panel shall announce any decision in the presence of the parties.

9.7 Representation and entitlement to be heard

- 9.7.1 The Presenter and the Registrant shall be entitled to be heard by the panel. The Complainant is usually a witness and has no individual right to be heard by the panel.
- 9.7.2 The Registrant may be represented by a legally qualified representative or another representative of the Registrant's choosing before the Professional Conduct and Competence Panel and that representative has the right to be heard by that panel. This representative may not be called as a witness in any hearing relating to the case being considered.

- 9.7.3 The panel may exclude from the whole or part of the hearing any person whose conduct, in the opinion of the panel, has disrupted or is likely to disrupt the hearing.

9.8 Evidence

- 9.8.1 Subject to the advice of the Legal Advisor, if appointed, the requirements of a fair hearing, and of relevance, the panel may:
- admit evidence whether or not it would be admissible in a Court of Law;
 - exclude evidence in order to ensure fairness to the Registrant and between the Parties.
- 9.8.2 Whilst the panel has no power to compel the attendance of witnesses or the production of documents, it may of its own volition, request the Parties to provide documentation or request any person to give oral evidence, which it considers might assist it in its decision making under sections 9.19.1 – 9.19.4.
- 9.8.3 The panel may admit evidence adduced by a Party notwithstanding that such evidence has not been disclosed to the other side in advance of the hearing:
- if the Parties consent; or
 - where, after consultation (including with the Legal Advisor if appointed), it is satisfied that:
 - the admission of such evidence is necessary to ensure the fairness of the proceedings and outweighs any prejudice to the party which has not previously seen such evidence; and
 - there is good reason why such evidence was not previously disclosed.

9.8.4 The findings of fact and certification of convictions of any UK criminal court or the findings of a judge in any UK civil court shall be conclusive proof of the conviction or finding and the underlying facts.

9.9 Burden and standard of Proof

9.9.1 The burden of proving the facts alleged in the Formal Allegations shall rest upon the BAcC.

9.9.2 The standard of proof shall be on the balance of probabilities.

9.10 Adjournment of the hearing

9.10.1 Subject to the requirements of a fair hearing and after hearing representations from the Parties, the panel may, at any stage of the hearing, adjourn the proceedings.

9.10.2 Where the hearing has been adjourned, the Professional Conduct Officer shall, as soon as practicable, notify the Registrant and the Complainant, and may notify any interested parties, of the time and date fixed for the hearing to be resumed.

9.11 Attendance at the hearing

9.11.1 Where the Registrant fails to attend and is not represented at the hearing, the Chair of the panel shall:

- a. require evidence that the Registrant has been served with the notice of hearing in accordance with section 9.2.1 and that reasonable efforts have been made to inform the Registrant of the hearing; and
- b. inquire whether any reasons for the Registrant's non-attendance have been communicated to the Professional Conduct Officer.

9.11.2 Where the panel is satisfied that the notice of hearing has been duly served on the Registrant, and that reasonable efforts have been made to inform the Registrant of the hearing it may:

- a. hear and determine the case in the absence of the Registrant; or

- b. adjourn the hearing and give directions.

9.12 Introduction of panel and reading of the Formal Allegations

9.12.1 At the opening of the hearing, the Chair of the panel shall introduce the members of the panel and ask the Parties or their legal representatives to introduce themselves.

9.12.2 The Chair of the panel shall ask the Registrant to confirm their name and registration number.

9.12.3 The Presenter shall then read out the Formal Allegation(s) against the Registrant.

9.13 Amendment of the Formal Allegation(s)

9.13.1 Subject to the requirements of a fair hearing, the panel may amend the Formal Allegation(s) at any stage prior to the finding of fact.

9.13.2 The panel shall first hear representations from the Parties, and take advice from the Legal Advisor, if appointed, before deciding whether or not the Formal Allegation(s) should be amended.

9.14 Admissions

9.14.1 After the Formal Allegation(s) has/have been read, the Chair of the panel shall ask the Registrant whether any facts or convictions, cautions, relevant determinations, health issues or false entries (hereinafter “relevant facts”) alleged in the Formal Allegation(s) are admitted and whether there is an agreed statement of facts.

9.14.2 Where any relevant facts are admitted, the Chair of the panel shall announce that such facts have been found proved.

9.15 Presentation of the BAcC’s case

9.15.1 Where no admissions are made, or some relevant facts remain disputed, the Presenter shall present the case against the Registrant to the panel by making an opening submission and adducing evidence in support of those relevant facts which are not admitted.

9.16 Witnesses

- 9.16.1 Witnesses shall be examined by the party calling them and may then be cross-examined by the opposing party. The party calling the witness may then re-examine the witness.
- 9.16.2 Witnesses may then be questioned by the panel.
- 9.16.3 The Parties may then question the witness on matters arising out of the panel's questions. The Party calling the witness shall question the witness last.
- 9.16.4 Any further questioning of witnesses shall be at the discretion of the panel.
- 9.16.5 Witnesses shall not be allowed to attend the hearing or watch the proceedings until they have completed giving evidence and have been formally released by the Chair of the panel.

9.17 Registrant's evidence

- 9.17.1 At the end of the evidence presented by the Presenter, the Registrant may adduce evidence and witnesses in their support.

9.18 Closing submissions

- 9.18.1 The Presenter and then the Registrant may make closing submissions to the Panel. The Registrant shall make the final closing submissions.

9.19 Findings

- 9.19.1 The panel shall then consider in private
- a. whether the relevant facts in the Formal Allegation(s) have been proved on the balance of probabilities;
 - b. if the Formal Allegation(s) is one of misconduct or a lack of competence whether, on the facts found proved, the Registrant has committed misconduct or lacks competence;
 - c. in all cases, whether the Registrant's fitness to practise is impaired.
- 9.19.2 In deciding upon the issues in section 9.19.1, the panel shall have regard to the Code of Professional Conduct and Code of Safe Practice issued by the BAAC.

9.19.3 The panel shall announce its findings in the presence of the Parties and give reasons for its findings.

9.19.4 If no relevant facts have been proved or (where appropriate) there is no finding of misconduct or lack of competence, or where there is no finding that the Registrant's fitness to practise is impaired, the Formal Allegation(s) shall be dismissed.

9.20 Mitigation

9.20.1 Where the panel finds that the Registrant's fitness to practise is impaired, the Presenter shall provide the panel with details of the Registrant's previous disciplinary record with the BAcC, if any, and may adduce evidence and make submissions in relation to the appropriate sanction, if any, to be made by the panel.

9.20.2 The Registrant may then address the panel in mitigation and may adduce references and testimonials, and may call character witnesses in support. The Presenter may then make submissions in relation to this evidence.

9.20.3 Where character witnesses are called, they may be questioned by the Presenter and the panel.

9.20.4 Where the Registrant has chosen not to attend the hearing, the Registrant may provide details of mitigation in writing, in advance, to the Professional Conduct Officer. The Professional Conduct Officer shall provide such mitigation documents to the Presenter to provide to the panel at this stage.

9.20.5 After hearing the Parties, the panel shall decide in private, what sanction if any it should impose.

9.21 Sanctions

9.21.1 Upon a finding of impairment, the Professional Conduct and Competence Panel shall:

- a. decide to take no further action; or
- b. caution the Registrant and direct that a record of the Caution be placed on the Registrant's entry in the Register, for a period of up to two years; or
- c. issue a Conditions of Practice Order, for a period of not less than one year and not more than three years; or

- d. make an Order suspending the Registrant's registration for a period not exceeding two years ('a Suspension Order'); or
- e. make an Order for removal of the Registrant's name from the Register ('a Removal Order');
- f. decide whether any Interim Order should be continued, revoked or amended or whether a further Interim Order should be imposed; and/or

9.21.2 In making a decision under section 9.21.1, the panel shall take into account:

- a. the seriousness of the Registrant's conduct;
- b. the protection of the public;
- c. the public interest in maintaining confidence in acupuncture; and
- d. the principle of proportionality.

9.21.2A The Panel may order the Registrant to pay a reasonable contribution towards the costs of bringing the case and holding the hearing.

9.21.3 The panel shall announce its decision on sanctions in the presence of the Parties, and shall give reasons for its decision.

9.21.4 Any decision of the panel shall take effect as soon as it is made.

9.21.5 If the panel decides to impose a sanction, it shall also specify where and for how long the sanction will be published in accordance with section 9.2.5.

9.22 Notice of Decision

9.22.1 Within seven days after the conclusion of the hearing, the Professional Conduct Officer shall send a Notice of the Decision to the Registrant and to the Complainant and may send one to any interested third parties.

9.23.1 A person shall be appointed by the BAAC to take a verbatim note of the proceedings before the panel.

9.23.2 Upon application, the Professional Conduct Officer shall send the Registrant and the Complainant a transcript of the verbatim note, of any part of the proceedings at which were held in public.

9.24 Consensual Disposal

9.24.1 The use of procedures for disposing of cases by consent is an effective case management tool that reduces the number of contested hearings which need to be held. A panel cannot simply agree to resolve a case by consent without having regard to its wider obligations, in particular the obligation to protect public safety.

9.24.2 Where the Professional Conduct Officer believes that the Registrant may be willing to admit all or the majority of the substantial Formal Allegation(s) and that it may be appropriate for the panel to impose sanctions without a contested hearing, the Professional Conduct Officer shall write to the Chair of the Professional Conduct and Competence Panel to ascertain whether the Chair believes that a full hearing is necessary.

9.24.3 Where the Chair determines that a full hearing is not necessary the procedure in sections 9.24.4 – 9.24.7 applies.

9.24.4 Where the Chair determines that a full hearing is not necessary, he or she may request that the Professional Conduct Officer convenes a panel to meet in private to decide the sanctions in respect of the Formal Allegation(s) that the Registrant has indicated that he/she will admit.

9.24.5 At a panel meeting under section 9.24.4, the Professional Conduct and Competence Panel may dispense with the calling of witnesses and considering evidence to decide whether the relevant facts in the Formal Allegation(s) have been proved on the balance of probabilities. The panel shall still consider:

- a. if the Formal Allegation(s) is one of misconduct or a lack of competence, whether on the facts found proved, the Registrant has committed misconduct or lacks competence; and
 - b. whether the Registrant's fitness to practise is impaired.
- 9.24.6 The panel may hear from the Registrant or their legal representative or consider written representations before imposing sanctions. The full range of sanctions shall be available to the Panel. The Panel will take into account the fact that a full hearing may not be required when considering a Costs Order.
- 9.24.7 The Professional Conduct Officer shall, within 7 days of the Professional Conduct and Competence Panel meeting at which the sanction(s) were proposed, inform the Registrant of the proposed sanction(s).
- 9.24.8 The Registrant or their legal representative shall, within 14 days of the proposed sanctions being sent to them by the Professional Conduct Officer, inform the Professional Conduct Officer whether or not the Registrant intends to accept the proposed sanctions. If neither the Registrant nor his/her legal representative contacts the Professional Conduct Officer within 14 days of the proposed sanction(s) being sent to him/her, the Registrant is deemed to have accepted the sanctions.
- 9.24.9 If the Registrant does not accept the proposed sanctions, a hearing shall take place before an entirely different Professional Conduct and Competence Panel to determine which sanction(s), if any, should be imposed.
- 9.24.10 Where the panel considers that any Formal Allegation(s) which have not been admitted by the Registrant would be likely, if they were proved, to make a difference to the sanction(s), it may order a full hearing before an entirely different Professional Conduct and Competence Panel, which will not be made aware of the Formal Allegation(s) the Registrant indicated that he/she was prepared to admit unless the Registrant chooses to bring the proposal to its attention.

- a. the submissions of both Parties;
- b. any likely prejudice to either Party;
- c. the public interest in the prompt disposal of the case.

10.5.5 In the event that the application for postponement is granted, or the matter has to be re-scheduled for some other reason, the Professional Conduct Officer shall inform the Parties of the new hearing date as soon as possible.

10.6 Notice to any interested third parties

10.6.1 The Professional Conduct Officer may send a copy of the Notice of Hearing to any interested third parties.

10.7 Disclosure of case and service of documents

10.7.1 Appeals should usually be conducted on the basis of the evidence before the original panel.

10.7.2 The Appeal Panel has a discretion to receive further evidence on behalf of the Registrant if the Panel is satisfied that the evidence could not reasonably have been obtained for and presented at the original hearing.

- 10.7.3 The Appeal Panel will overturn an order or sanction of the substantive Panel if the order or sanction was wrong or manifestly disproportionate, or the hearing, or the relevant part of the hearing, was unfair due to some serious procedural irregularity.
- 10.7.4 The Appeal Panel retains a residual discretion to admit further evidence in exceptional circumstances if, in the view of the Appeals Panel, it would be unjust not to do so.
- 10.7.5 No later than 21 days before the date of the hearing, the Appellant shall serve on the Respondent and upon the Professional Conduct Officer, if applicable, copies of any written submissions upon which they intend to rely and any fresh evidence (where appropriate).

 - f. a transcript of the proceedings to which the appeal relates; and
 - g. a copy of the order or sanction to which the appeal relates.

10.8 Procedure at the hearing

10.8.1 Subject to the requirements of a fair hearing, the Appeals Panel may decide its own procedures generally and may issue directions with regard to the just and prompt determination of the proceedings.

10.8.2 The appeal hearing shall be conducted by the Appeals Panel in three stages as follows:

- a. it shall consider the information provided under sections 10.7.1 – 10.7.4 and it shall hear submissions from the Parties;

- a. admit evidence that was not available or not known to the Appellant at the time of the original hearing ('fresh evidence'); and/or
 - b. exclude evidence in order to ensure fairness to the Appellant and the Respondent.
- 10.11.2 When making a decision under section 10.11.1, the panel may admit evidence adduced by a party notwithstanding that such evidence has not been disclosed to the other side in advance of the hearing:
- a. if the Parties consent;
 - b. where, after consultation (including with the Legal Advisor, if appointed), it is satisfied that:
